“Love one another. As I have loved you, so you must love one another.”
John 13:34

EXTRA-CURRICULAR POLICY

Rationale

Our extra-curricular programme is designed to enrich pupils' education as well as introduce them to new experiences. We believe that by attending after school activities pupils will develop important social skills whilst learning new skills and techniques.

Aims and Objectives for the Development Extra Curricular Activities

At Boutcher we aim to:

- offer a wide range of activities for pupils to choose from
- promote the importance of learning new skills and techniques
- ensure a calm and safe environment where pupils feel confident and are able to achieve
- promote the importance of working with others

Role of Extra Curricular Activities Coordinator

The role of the Extra Curricular activities' coordinator includes:

- having an overview of the activities offered
- ensuring suitable adult supervision for every activity
- organising the timetable for activities
- organising the registers for the activities
- ensuring every pupil has a fair opportunity to attend activities
- liaising with parents
- analysing the success and attendance of activities

Partnership with Governors

The governing body regularly discusses extra-curricular provision and monitors the success and attendance of our extra-curricular programme.

Partnership with Parents and Local Community

Parents are kept informed of the Extra Curricular provision on offer and are encouraged to give opinions and suggestions as to the programme offered.

The school has developed strong links with various institutions in the local community who provide our pupils with free provision or opportunities for enrichment activities or competitions.

Equal Opportunity

We aim to provide an extra-curricular programme that all pupils can access. This means personalising and adapting our practice to target the needs of our pupils and valuing the diverse experiences that our pupils bring to school. It also includes providing specialised resources where appropriate.

We encourage pupils to attend our extra-curricular activities and have a system to ensure all pupils have a fair and equal opportunity to participate.

We have high expectations of all our children and aim to overcome any potential barriers to their learning.

For further information please refer to the Equal Opportunities Policy

Content and Progression

Our extra-curricular programme changes each half term to allow for new activities to be on offer and for as many children as possible to benefit from the opportunities provided. Most activities are run by Boutcher School staff although some more permanent activities are led by outside agencies.

We provide a range of creative, physical and academic activities throughout each academic year. Progression is evident through the skills and techniques the children develop.

Review

This policy is reviewed biannually
